Higher Education Work Experience

Coordinator of Speech-Language Services **0/1998 - present**
KSU School of Speech Pathology and Audiology

This portion of my position includes administrative responsibilities related to the Speech and Hearing Clinic and to the graduate-level clinical practicum in speech-language pathology. In addition to administrative duties related to operating a clinic, I am responsible for ensuring that our graduate students have necessary clinical practicum experiences (on campus in our Clinic, off-campus at various facilites, and at semester-long externship sites). I help to establish policies and procedures related to compliance with American Speech-Language Hearing Association (ASHA) requirements for our program, and also to the development of professional skills in our graduate students.

Clinical Instructor **7/1993 - present**
