## Education

---

**Ed.D., Special Education Research and Program Evaluation** 1981

Northern Illinois University

*An analysis of error due to interval recording method and interval length in observational recording strategies*

**M.Ed., Special Education Administration** 1978

Northern Illinois University

**B.S., English** 1972

University of Southern Colorado

## Higher Education Work Experience

---

**Professor** 6/2012 - 8/2012

*I retired as a tenure track professor.*

**Full Time NonTenure Track Professor Emeritus** 8/2012 - present

*I returned to teach, conduct research, manage the Transition Center, guide the Carnegie EdD project for the college and serve as consultant to the new SPED coordinator and direct my remaining 12 doctoral students.*

**Professor Emeritus** 8/2012 - present

*I am currently Professor Emeritus and full time faculty member in the SPED program at KSU.*

**Coordinator of SPED Program** 1/2011 - 5/2012

*During Spring semester of the AY 2010-2011 through May of AY 2011 - 2012 I again became the coordinator for SPED programs.*

**Coordinator of SPED Program** 1/2004 - 8/2009

Kent Campus

*During Fall semester of 2003 I assumed a normal teaching assignment and took over the role of Co-Coordinator of the Special Education program, along with Dr. Penny Griffith, during Fall semester. This program is large in numbers of faculty and students, and prolific in its professional contributions and extramural funding (i.e., 67% of the College and 20% of the University funding - in 2004).*

**Professor of Special Education - EFSS**

**11/2002 - present**

Kent Campus

**Leased Professor of Special Education - EFSS**

**11/2000 - 05/2002**

Stow, OH

*President and CEO of Kineta Technologies & Professor of Special Education - EFSS*

*Between November of 2000 and November 2002 I served as the President and CEO of Kineta Technologies, the firm which evolved from Kent Infoworks, the corporation incubated by Kent State University. Kineta moved out of the University facility and operated independently from Kent State University until its assets were acquired by MV3 Innovations in 2002. Kineta Technologies specialized in large text databases and had four products; a) Corporate University, b) Knowledge Management System, c) Business Intelligence applications, and d) Asset Management tools. I continued to be employed by Kent State University during this time and was leased to Kineta Technologies.*

*While with Kineta, I presented at three different Northeast Ohio Software Association meetings/events and once to the Cleveland Bar Association. Kineta received two Web Marketing Awards, was a finalist in the Northern Ohio Live Awards of Achievement, and received a number of positive press items (e.g., Crain's Cleveland Business, Inside Business, Record Courier, Cleveland Plain Dealer).*

*Kineta Technologies developed some significant software and applications including the collaborative Ohio TechNet ([www.ohiotech.net](http://www.ohiotech.net)) and NorTech ([www.nortech.org](http://www.nortech.org)) applications, Cleveland Advanced Manufacturing (CAMP) search tool for the entire U.S. Patent database and work for Simon & Schuster, Anixter, Upside Media and Ziff Davis.*

**Associate Dean: Learning Technology Services & Director: Kent Infoworks**

**0/1997 - 0/2000**

*During these years I developed an incubator corporation for Kent State University. This corporation, Kent Infoworks, became an independent corporation (Kineta Technologies) on November 1, 2000. While in Kent State, Kent Infoworks moved from a research project to a cost center in 2.5 years (i.e., it received no university funding, yet was a university service center) to an independent corporation while doubling its income each year. In addition, for 17 months I also directed the development of the distance and distributed learning programs for Kent State University. Distributed learning included the use of videoconferencing, networked and web-based instruction. I also served as the faculty director for the reconstruction of a 1917 dormitory which became Kent State University's Technology and Learning Center (i.e., Moulton Hall). During this time, my title was Associate Dean of Libraries (Learning Technology Services) and I also **developed and deployed the 3rd and 4th University web sites** during this time.*

**Director: Office of Distributed Learning Contract Services**

**1996 - 1997**

**Associate Dean: College and Graduate School of Education**

**0/1995 - 0/1996**

*During these years I served as the Assistant and then Associate Dean for the College and Graduate School of Education. My responsibilities included managing and developing the college's extramural funding, directing the college's Research Bureau that provided research assistance and data analysis for faculty and doctoral students, and developing and deploying the college's initial Internet activities. The Internet activities began in a pre-web environment with the college's gopher server, 56K direct connections to local schools, listserv management for various student and teacher discussion groups and **development of the University's first web site.***

**Assistant Dean**

**1992 - 1995**

KSU

*Research & Development - College and Graduate School of Education*

**Professor**

**1989 - 2009**

Kent State University

During these years I served the College and Graduate School of Education as Full Professor and full member of the graduate faculty. I taught courses, conducted research, wrote and received grants. Harold Johnson and I developed the Observational Analysis Lab, one of the first computer-controlled, video based, observational research labs.

**Associate Professor** 1984 - 1989  
*Special Education*

**Associate Professor** 1984 - 1984  
The University of Alberta  
*Special Education*

**Assistant Professor** 1981 - 1984  
The University of Alberta  
*Special Education*

**Research Associate** 1981 - 1984  
The University of Alberta  
*The Centre for the Study of Mental Retardation*

**Instructor** 1977 - 1981  
Northern Illinois University

---

## Other Professional Experience

---

**Data Consultant** 2005 - 2006  
FCLC  
*Provided advice regarding research possibilities and data analysis to the Family Child Learning Center*

**Consultant to ODMR/DD** 1986 - 1989  
Ohio  
*Consulted along with Harold Johnson to get school aged students living and being educated in Ohio institutions enrolled in public schools. Basically it was overcoming the behavioral challenges these students presented.*
